The following records were copied from the original minute book of the Clear Creek Church of McNairy Co., Tenn., and are contributed to FAMILY FINDINGS by Mrs. Vivian Perkins Harrison, 1572 Overton Park, Apt. #11, Memphis, Tennessee. Due to the fact that these records are so lengthy, we plan to publish some of them in each issue until completed.

Record of the Clear Creek Church met on Saturday the 15th of February 1841.

Being called to order preceeded to business and after various exertions to settle the old difficulties existing in the church it was ascertained that they could not be settled without a division in the church. It was resolved that the following proposition should be submitted. (Viz)

All persons who are willing to live together and serve the Lord according to the Bible and the Bible alone and to acknowledge all their falts and to forgive each other all former trespasses will make it known by coming forward and giving Brother JOHN H. JONES the right hand of fellowship.

It was also furthermore resolved (Viz) That all those who would come forward on the above resolution after sufficient time had been given them should be considered as manifesting an unwillingness to conform to the rules and regulations of the Church of Christ and therefore should be withdrawn from.

By order of the Church.

This completes the Membership Roll and old Records of the Clear Creek Church of Christ, McNairy County, Tennessee.

THE YOUNG MEN'S MAGAZINE, Vol. II, No. 7, December 1858
carried the following article:

Jackson, Tenn. -- At the last meeting the address was delivered by Dr. Jackson whose subject was "Matrimony" in which he came down on old bachelors in a very unfeeling almost unchristian manner. The West Tennessee "Whig" says of the doctor's effort:

"He showed by high and indisputable authority, that a 'good wife is the gift of God', and that man has never been happy without woman, nor woman without man, since the eternal fiat went forth that 'it is not good for man to be alone.' The doctor says in order to give the proper training 'the animal should be caught young,' and argues from this that it is better for a woman to marry a widower of forty than a bachelor of the same age as it is believed that by the time a man arrives at that age, without the refining influences of women thrown about him, there is an encrustation formed around the heart that is impervious to the arrows of Cupid."

Strange, says the N. O. "Bulletin," that a Christian association should tolerate such hard-hearted sentiments! It is full enough that the hearts of old bachelors should be kept constantly bleeding by the jiltings which they constantly get, without being twitted about their misfortunes in this cruel way. The doctor has doubtless become so accustomed to the use of the lancet that he can cut up a human heart with as much nonchalance as Dinan would manifest in dressing chickens.

This article was taken from the Index of Local YMCAs 1852-1877, compiled by J. T. Bowne, the national YMCA Archivist in 1877 and records the first official record, at a national level, of beginnings of local Associations. Submitted by Miss Sara Margaret Black.
